## ADMISSION.

---

CANDIDATES for admission to the Freshman Class are examined in the Grammar of the Latin and Greek languages, Virgil, Cicero's Select Orations, and Sallust, or Cæsar's Commentaries, Writing of Latin, Xenophon's Anabasis and two Books of Homer's Iliad, or an equivalent, English Grammar, Arithmetic, and Algebra through Simple Equations.

Candidates for a higher standing are examined in the same, and also in the studies gone over by the Class, to which they may desire admission.

The stated times for examination are the Tuesday preceding Commencement, and the first day of the following Term. But candidates may be examined and admitted at other times in the year, excepting that no admission to the Senior Class is allowed later than the beginning of the second Term.

Previously to examination the candidate must exhibit satisfactory testimonials, that he sustains a good moral character. If he has been a member of any other College, he will be expected to present a certificate of regular dismissal.

No one can be admitted to the Freshman Class, until he has completed his fourteenth year; and no one to an advanced standing without a corresponding increase of age.

# Course of Study and Instruction.

## TEXT BOOKS.

Natural Theology, Mineralogy, Botany, Zoology, Anatomy, and Physiology are taught chiefly by Lectures and subsequent examinations. The works recommended in these branches are the Bridge-water Treatises, Shepard's and Dana's Mineralogy, Gray's and Wood's Botany, Agassiz and Gould's Zoölogy, Wilson's and Paxton's Anatomy, Carpenter's Physiology, and Cutter's Anatomy and Physiology. Recitations, however, are heard in Anatomy and Zoölogy.

The following books are recommended for reference in the Classical Department: Andrews and Stoddard's and Zumpt's Latin Grammars, Andrews's or Leverett's Latin Lexicon, Ramshorn's Latin Synonyms, Crosby's and Kuhner's Greek Grammars, Liddell and Scott's Greek Lexicon (Drisler's Edition), Munk's Greek and Roman Metres, Anthon's Classical Dictionary, Long's Ancient Atlas, and Smith's Dictionary of Greek and Roman Antiquities.

Text-books in Modern Languages: Ollendorff's German Grammar, Adler's Progressive German Reader, Schiller's William Tell, Practical French Grammar (Pinney and Badois), De Fivas's Classic French Reader, Madame De Stael's Germany, Ollendorff's Italian Grammar, Teatro Italiano Scelto. For reference: Adler's German Dictionary, and Spiers and Surenné's French.

## EXERCISES.

There are three regular Recitations or Lectures daily, excepting Wednesday and Saturday, when there are two.

On every Wednesday afternoon, there is a public Exercise in Declamation, in which the classes speak by divisions, and for which they are prepared by private rehearsal before the Professor of Rhetoric. Seniors and Juniors deliver original Compositions.

There is a Biblical Exercise in the several Classes once each week. These recitations are accompanied by familiar Lectures from the Instructors.

Public Worship is attended in the Chapel every Sabbath; and Prayers every morning and evening. One evening each week, there is a Religious Service by the President, or one of the Professors, which all the Students are invited to attend.

## LECTURES.

1. Zoölogy, first Term.
2. Rhetoric, Oratory and English Literature, each Term.
3. Natural Philosophy, each Term.
4. Classical Literature, or Antiquities, each Term.
5. Anatomy and Physiology, illustrated by the Manikin, second Term.
6. Chemistry, second Term.
7. Mental and Moral Philosophy, second Term; History of Philosophy, second and third Terms; Political Economy, third Term.
8. Botany and Mineralogy, third Term.
9. Geology, third Term.
10. Natural Theology, third Term.

## EXAMINATIONS.

1. Of all the Classes, at or near the close of the first and second Terms.
2. Of the Senior Class, six weeks preceding Commencement.
3. Of the three Lower Classes on the week preceding Commencement.

A Record is kept by the Faculty of the attainments of every student, and also of his delinquencies. Information concerning his proficiency and deportment is, when requested, communicated to the parent or guardian.

## EXPENSES.

The following are the principal necessary expenses, exclusive of vacations:

|                                                                                                                                                     |         |         |
|-----------------------------------------------------------------------------------------------------------------------------------------------------|---------|---------|
| Tuition, \$12.00 per Term, - - - -                                                                                                                  | \$36.00 | \$36.00 |
| Room Rent, \$ 3.00 per Term, - - - -                                                                                                                | 9.00    | 9.00    |
| Recitation Rooms, and Ordinary Incidentals,<br>\$2.00 per Term. - - - - -                                                                           | 6.00    | 6.00    |
| Fuel and Lights, from \$9.00 to \$11.00, - -                                                                                                        | 9.00    | 11.00   |
| Board, lowest price in companies, \$1.50 per week;<br>highest price in families, \$3.00 per week;<br>making per year of <i>thirty-nine</i> weeks. - | 58.50   | 117.00  |

The expenses for Room Rent, Fuel and Lights, are estimated on the supposition that two students occupy the same room.

In case of admission to an advanced standing, a fee of five dollars per Term, will be required, unless such standing shall have been attained in another College, or for special reasons, particularly in case of indigent students, remitted by Prudential Committee.

There are some expenses, which result from taxes voluntarily imposed by the classes or societies. These, and expenses for furniture, stationery, &c., will vary according to circumstances and the character and habits of the student.

In incidental expenses, if the parent or guardian furnishes money or authorizes the contracting of debts, a student may be very extravagant. To guard against this, parents often deposit funds with some one approved by the Faculty, who, for a moderate charge, will give particular attention to the pecuniary affairs of the student, and render an account of expenditures.

It is earnestly recommended to all parents and guardians, not to authorize the obtaining of credit, and not to pay debts unauthorized.

## PAYMENTS.

The amount of the first Term Bill must be paid by each student on his admission. Each subsequent Term Bill becomes due at the close of the Term for which it is assessed, and payment is expected at the beginning of the following term. A bond with satisfactory surety for the payment of all the College Bills must be given by each student to the Treasurer, at the commencement of the Term when he enters.

## ASSISTANCE TO BENEFICIARIES.

The regular Term Bills of beneficiaries of Charitable Associations, and other indigent pious youth preparing for the Christian Ministry, are chiefly paid from the fund appropriated to that purpose. A number of indigent students are gratuitously supplied in part with furniture.

## LIBRARIES AND CABINET.

The Libraries of the College and Literary Societies contain about 20,000 volumes. The College Library is accessible to all the students, according to rules established by the Library Committee. The Libraries belonging to the two Literary Societies are accessible to the members of the Societies, according to regulations established by themselves.

## PHILOSOPHICAL CABINET.

The Apparatus for experiments in Natural Philosophy is arranged in No. 3, Chapel Building. It contains many original articles, and by its extent is adapted for a full course of experimental illustration.

## THE LAWRENCE ASTRONOMICAL OBSERVATORY.

This is attached to one of the Cabinets of Natural History, and consists of a tower and transit room. The former has a revolving dome, containing a fine achromatic telescope mounted equatorially, of nine feet focal length, and seven and one fourth inches in aperture, manufactured by Alvan Clark, Esq., of Cambridgeport. The transit room contains a transit circle, and an astronomical clock. The telescope of the transit circle has a focal length of about three feet. The circle was graduated by Gambey of Paris.

## CHEMICAL LABORATORY.

The whole lower story of the new Williston Hall, eighty feet by forty, is appropriated to a Laboratory, both for lectures and for analysis. These rooms when completed will be fitted up with a valuable apparatus suitable for an extensive course of Chemical experiment.

## CABINETS OF NATURAL HISTORY.

The College has now two large buildings, two stories in height, devoted to Natural History. The following collections are placed in them.

## 1. IN THE OCTAGONAL CABINET.

In the lower room, forty feet in diameter, is placed the *Woods Geological Cabinet*, which contains 20,000 specimens of American and foreign rocks and fossils. To this cabinet the *Sweetser Geological Lecture Room* has lately been attached.

The upper room is devoted to the *Shepard Mineralogical Cabinet* containing some 6,000 specimens of minerals, of the choicest character, fully arranged and labeled for study. Here also is displayed the largest collection of Meteorites in the world, save that of the Imperial Cabinet at Vienna, which has a very few more specimens.

## 2. IN THE APPLETON CABINET.

This building, recently erected by the Trustees of the will of the late Samuel Appleton, is one hundred and ten feet long, and forty-five feet wide, with a lecture room attached. The lower story contains the *Ichnological Cabinet*, presenting some 6000 examples of tracks in stone. The upper room is devoted to the *Adams Zoological Cabinet*, containing 400 species of vertebrated animals, 8,000 species of shells, 5,000 species of articulated animals, and 200 species of radiated animals; besides a large Herbarium, with the cuttings and seeds of tropical plants and trees.

## THE DICKINSON NINEVEH GALLERY.

During the last Summer, Enos Dickinson, Esq., of South Amherst, has added a room to the Woods Cabinet, for the reception of the large collection of specimens obtained by Dr. Henry Lobdell, from the ruins of ancient Nineveh and Babylon. Six large sculptured slabs are placed in the walls as they originally stood in the palace of Sardanapalus at Nimroud. Above them twenty-five fresco paintings of other figures found in the same ruins have been added. In the horizontal cases are cylinders and gems from the same cities, 700 coins, ancient and modern, casts of medals, and relics of the American

Indians. The Indian collection was presented by Edward Hitchcock, Jr., M. D.

The Society of Inquiry have a collection of articles, mostly sent by missionaries, illustrating the habits of various nations.

### WILLISTON HALL.

This edifice, eighty feet by forty, with an elegant tower, has been erected during the past season, by Hon. Samuel Williston, on the site of the College recently burned, and is appropriated to the following purposes. The lower story is the Chemical Laboratory. The second story consists of two rooms for the meetings and libraries of the literary societies. The third story forms a spacious hall for the meetings of the Alumni of the College, and other purposes.

### THE NEW DORMITORY BUILDING.

This is a large and beautiful building, one hundred and twenty feet by forty. The walls are up and the roof nearly finished, and the edifice will be ready for occupancy during the coming winter.

### EXTRA INSTRUCTION.

From the preceding statements it will be seen that ample opportunities are presented in this College for the study of Natural Philosophy, Chemistry, Geology, and Natural History, by persons, who do not join the regular classes. Such students are received, if they desire it, by any of the Professors in those departments; the amount of instruction and compensation being a matter of private agreement with the several teachers. In the Literary departments also, a similar arrangement may be made with the Professors, if desired.

### SWEETSER PRIZES.

For the past three years, Prizes have been offered to the Students, for excellence in Writing or Speaking. These prizes are the gift of Joseph A. Sweetser, Esq., of New York, who has appropriated \$100 a year to this purpose. The results of this generous gift have been very gratifying to the friends of the College, in the marked improve-

ment witnessed in the departments to which prizes were offered. The names of the successful competitors for the last year are given below.

At the last Commencement, a Scholarship was endowed by Eleazar Porter, Esq., of Hadley. A thousand dollars were given by him for this purpose, the interest of which is to be awarded for the present to that student whom he shall name.

## SWEETSER PRIZE ESSAYS.

### CLASS OF 1857.

|                  |   |   |   |               |
|------------------|---|---|---|---------------|
| 1st. Prize \$25, | - | - | - | J. P. LANE,   |
| 2d. Prize \$15,  | - | - | - | B. H. ABBOTT, |

### CLASS OF 1858.

|                  |   |   |   |               |
|------------------|---|---|---|---------------|
| 1st. Prize \$20, | - | - | - | G. S. BISHOP, |
| 2d. Prize \$10,  | - | - | - | J. B. CLARK,  |

## PRIZES FOR DECLAMATIONS.

### CLASS OF 1859.

|                  |   |   |   |                 |
|------------------|---|---|---|-----------------|
| 1st. Prize \$10, | - | - | - | S. W. BILLINGS, |
| 2d. Prize \$ 5,  | - | - | - | L. KEENE, Jr.,  |

### CLASS OF 1860.

|                  |   |   |   |                |
|------------------|---|---|---|----------------|
| 1st. Prize \$10, | - | - | - | E. O. SHEPARD, |
| 2d. Prize \$ 5,  | - | - | - | L. S. GRIGGS,  |

## PORTER SCHOLARSHIP.

M. P. SNELL.
